

## Child Safe Standards Fact Sheet

The Australian Royal Commission into Institutional Responses to Child Sexual Abuse recommended 10 child safe standards, drawing on its findings and extensive research and consultation about what makes institutions child safe. The standards work together to emphasise the importance of adopting multiple strategies to address child safety and avoiding an over-reliance on one strategy. Since the Royal Commission recommended the Standards, the Federal Government adopted the **National Principles of a Child Safe Organisation**, the Australian Catholic Safeguarding Ltd finalised 10 **National Catholic Safeguarding Standards (NCSS)** and the 10 **Child Safe Standards** were enacted into legislation in NSW on 1 February 2022.
